October 25th. 1907,

Monsieur E. van Overloop,
La Musee
Brussels.

Dear Sir,

Mr. Clifford Smith has been good enough to give us your name. We are issuing a book which he is writing on Jewellery, with the illustrations of which you have kindly helped him.

We are also issuing a book on "RUBENS" by Mr. Edward Dillon and we desire to make the illustrations as complete as possible. With this in view we are anxious to obtain photographs of several pictures which are in the Museum of which you have charge. We give a list of these below and we shall be glad if you will be kind enough to let us know whether we may have permission to reproduce these, and whether you can give us the name of a good photographer who can do the work satisfactorily. Would you be good enough also to let us know how we can get a photograph of the picture by Rybens in the Cathedral at Alost.

Yours faithfully
